

THE TRIAL FILES

26/06/2024 WARWICK FARM

Race 2 - 1:00PM VALE DAVID MILLS HANDICAP (1100 METRES)

Head to Warwick Farm for this really good Wednesday meeting. Heavy track is no surprise.

Amazingly, McDonald has 6 rides for Godolphin and James Cummings and all were early favourites. We're with the pair on numerous occasions throughout the day and Race 2 is no different. We loved the trial of #11 TARPAULIN and he looks very hard to beat. Inside barrier should be okay early in the program and this colt is the one they have to beat.

There is only one danger in our eyes and that is #12 MAWJOOD who comes here off an average run on debut back in February but his recent trial after being gelded suggests he's come back a different horse. The trial was outstanding and we can't let him go around a loser today.

This could be a strong form race going forward and there is a bit of depth. Liked what #6 IL PASSERO did in his latest trial, showing speed and winning well. He's trained on track and looks a nice horse. #8 KING OF DRAGONS also makes his debut at his home track. Moved nicely on the synthetic leading in. #1 BUCKINGHAM PALACE was good in a Saturday race behind Madrina last time.

Selection:

#11 **TARPAULIN** (Win), Smaller #12 **MAWJOOD** (Win)

Want to make a good profit if TARPAULIN wins and small profit if MAWJOOD wins. Hope we can shop and get good prices.

THE TRIAL FILES

26/06/2024 WARWICK FARM

Race 3 - 1:35PM DRINKWISE PLATE (1100 METRES)

Sey Weights Maiden over 1100m. LOVE AND LIGHT to lead TE PANI on the inside.

McDonald and Godolphin again here with #13 GRAM and he is the key horse of focus. This horse moved incredibly well at the Rosehill trials on June 11, winning in superb fashion. McDonald rode on that occasion and stays with him. He'll be back in the field from an outside barrier but the pair will be hard to hold out late. The son of Exceed And Excel was in the market on debut at Newcastle back in November when running well behind Erno's Cube. Heavy track some concern but hard to beat and clearly on top.

#8 LOVE AND LIGHT is the danger. She has some impressive form lines and comes into this on the back of a good Randwick trial win. Two starts ago she split French Endeavour and Stefi Magnetica if you don't mind. The filly has clearly had some issues or taken time, with only the one run in almost 12 months but she's here with two winning trials under her belt and can run well.

Selection:

#13 GRAM (Win)

THE TRIAL FILES

26/06/2024 WARWICK FARM

Race 4 - 2:10PM TAB HANDICAP (1300 METRES)

A whopping 8 scratchings here. You guessed it, we're keen on McDonald/Godolphin again. #13 SETOMBE isn't off a trial but gee she looks the clear horse to beat. Fastest final 600m of the race at this track last time and up to 1300m now looks ideal. Barrier three should be okay for her and McDonald will find a perfect position in running. Ticked the heavy track box well last time and the horse to beat.

Think the stablemate #16 DRIFT NET is the danger and could save on her. She has tactical speed and comes off a strong win across the border.

Selection:

#13 SETOMBE (Win), save #16 DRIFT NET (Win)
